

Nikkei Cuisine at Tenkai Japanese Restaurant

The birth of Nikkei cuisine can be traced back to 1889 when thousands of Japanese railroad workers settled in Peru. Nikkei is the name traditionally given to Japanese people living away from home, and like migrant workers anywhere, they had to adapt to a whole new variety of dishes and ingredients.

The ever-evolving result sees clean Japanese preparation and presentation paired with punchy Peruvian flavours, thus creating new but recognisable dishes based on the ingredients at hand, such as seafood, corn, cassava, and quinoa.

Tenkai Japanese Restaurant at Padma Resort Legian is proud to be at the forefront of bringing this delicious, unique Japanese Nikkei cuisine to Bali.
